

Inauguration of EBSB Club

Sri Padmavati Mahila Visvavidyalayam, Tirupati has inaugurated EBSB club on 29th January, 2020. The resource persons inaugurated the club. The ceremony exactly began at 12.15 PM in School of Engineering and Technology, SPMVV. The students from all departments of university took part in it. The Club student coordinator welcomed the gathering preceded by the speech by Nodal Officer for EBSB and Teacher Club Coordinator, SPMVV. The coordinators explained the importance of EBSB and informed students to actively take part in all the events. Later the student club coordinator presented the EBSB schedule to the audience.

EBSB REPORT ON INTERACTION

An Interactive session has been planned in the month of February, 2020. The event was held on 26th February, 2020 at school of Engineering & Technology, Sri Padmavati Mahila Visvavidyalayam, Tirupati. The session continued for one hour in which 50 students with 2 resource persons participated. Students from various departments of Engineering College actively participated. The students interacted with students of Sant Loangowal Institute of Technology, Sangrur, Punjab.

Students learned basic information about the location and various courses offered in the Punjab College. They also developed their communication skills. They imbibed knowledge regarding academics and culture followed in Punjab. Even Punjab students asked about the specialty of Tirupati. They were anxious to know information about lord Balaji. The students of our university explained about the college fest which is celebrated academically every year. Exchange of traditions is encouraged in the communication between students. Students also learnt basic words used in their respective languages.

Activity: A Bhangra Performance under EBSB student club

No of faculty attended: 40

No of students participated: 6

Report:

“Ek Bharat Shreshtha Bharat” was announced by Hon’ble Prime Minister on 31st October, 2015. The main objective is to celebrate the unity in diversity of our nation and to maintain and strengthen the fabric of traditionally existing bonds between people of our country. Dance is an ancient and celebrated cultural tradition in India. Sri Padmavati Mahila Viswavidyalayam has been paired up with Sant Longowal Institute of Engineering and Technology, Punjab. The students of EBSB club have performed a Bhangra dance which is a traditional dance of Punjab under the club activities in the month of March, 2020.

Bhangra is a heart-pumping dance adorned with the loud beats of dhol. It is very prevalent in traditional Punjabi festivals. The dance was associated primarily with the spring harvest festival vaishaki. Six students participated in the performance.

Activity: An online elocution on "Productive Utilization of lockdown period due to COVID-19"

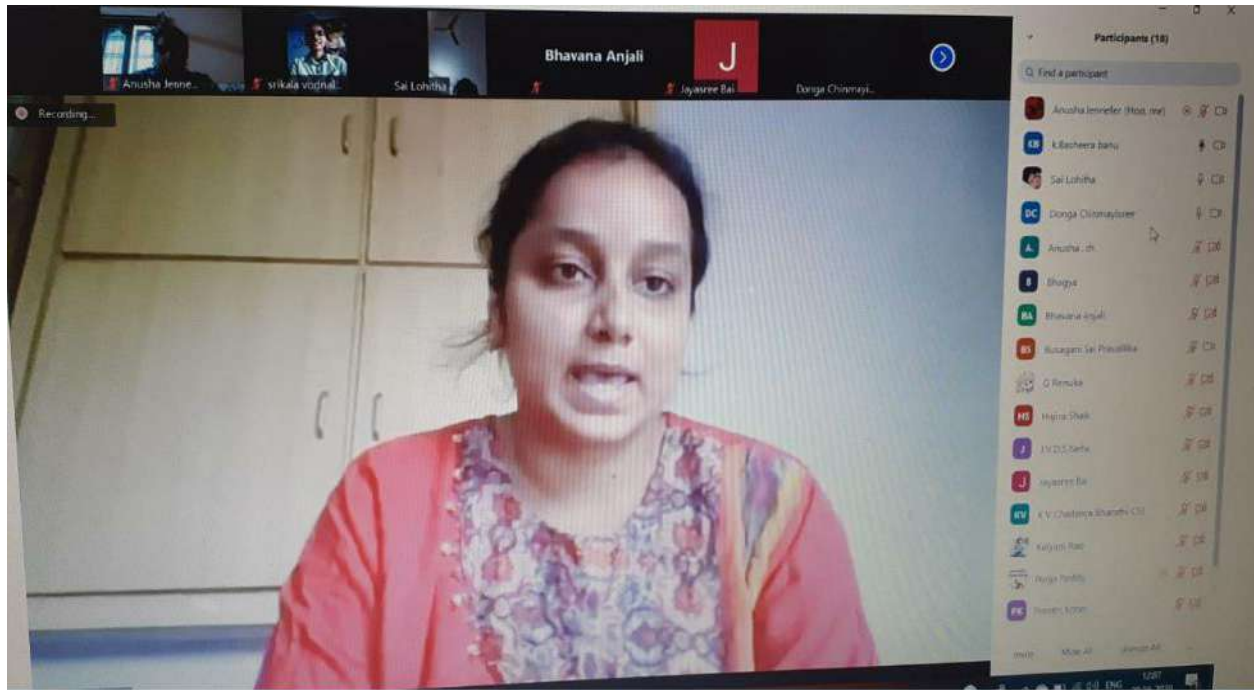

No of faculty attended: 05

No of students participated: 18

Report:

"Ek Bharat Shreshtha Bharat" was announced by Hon'ble Prime Minister on 31st October, 2015. The main objective is to celebrate the unity in diversity of our nation and to maintain and strengthen the fabric of traditionally existing bonds between people of our country. Sri Padmavati Mahila Viswavidyalayam has been paired up with Sant Longowal Institute of Engineering and Technology, Punjab. The students of EBSB club have participated actively in the activity. The faculty coordinators welcomed the students and addressed on the topic. The activity was conducted through ZOOM platform.

The students from remote places have shown enthusiasm to participate in the session. Students are utilizing their time fruitfully by helping elders; parents in house hold activities, gardening. Few of them also are preparing for the placement opportunities by revising the subjects that are useful to them. Two of the participants really took this lockdown period with a great responsibility. On their behalf they have distributed masks to their neighbours and educated them on Importance of cleanliness and social distancing. The session ended up fruitfully with all the experiences shared by the participants.

Activity: An International Webinar on COVID-19 Management – Challenges For Pharmacy Professionals

No of faculty attended: 15

No of students attended: 97

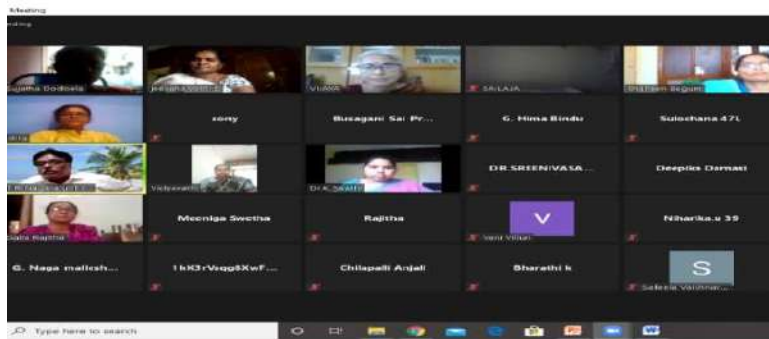

Report:

Webinar was started with Welcome address by Prof.Indira Muzib, Head I/C, IPT, SPMVV and inaugurated by Prof.D.M.MAMATHA, Registrar, Sri Padmavati Mahila Visvavidyalayam which was followed by introductory remarks by Prof. A. Jyothi, Dean School of sciences, Sri Padmavati Mahila Visvavidyalayam. Later the session was handed over to Guest speakers Prof. Samba Reddy, Dr. Siddappa Byrareddy, Dr.N.Ramadevi and Prof. J. Vijaya ratna.

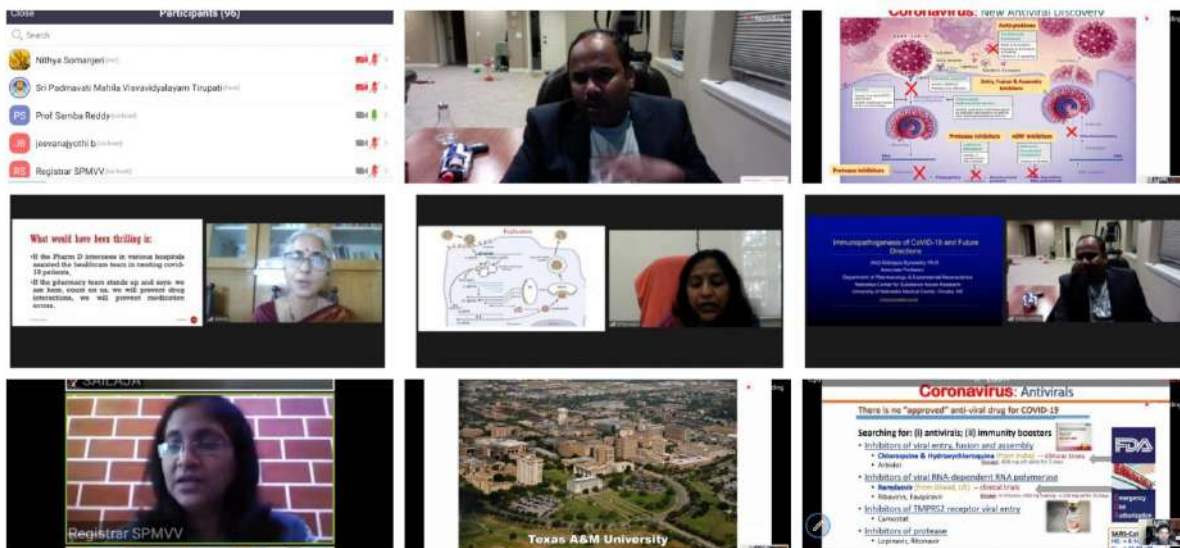

The first session was by Prof. Samba Reddy, Texas A&M University College of Medicine, USA. He spoke on “The Science and Treatment of COVID-19: A scientific conversation and Q&A Session”. Prof. Samba Reddy said that in the absence of vaccine for the COVID-19 virus, maintaining physical distance, personal hygiene and enhancing the immunity levels are the only ways to contain the disease. In the second session Dr. Siddappa Byrareddy, Durham Research Center, Nebraska Medical Center, Omaha, NE, USA spoke on Immunopathogenesis of SARS-CoV-2 and future directions. He listed various COVID-19 tests, their sensitivity, specificity and status of use in different regions of the world. In the third session by Dr.N.Ramadevi, Dean, Faculty of veterinary and animal sciences, Banaras Hindu University, Varanasi Zoonosis and reverse Zoonosis of COVID 19” was explained. She clearly explained how animals can act as drivers of emergence for various viruses with special interest to COVID 19. The fourth session was lead by Prof. J. Vijaya ratna, University college of pharmaceutical sciences, Andhra University, Visakhapatnam. She elucidated on “COVID-19-Pharma field repositioning and showcasing its capabilities”. She said it would have been thrilling, if the Pharma D internees in various hospitals assisted the health care team in treating COVID-19 patients. She also stated that if the pharmacy team stands up and says we are here count on us, we will

prevent drug interactions and medication errors it would have been great. Along with the Faculty and students of IPT, 130 members including principals and students invited from other pharmacy colleges also participated in the webinar.
